Experience	<p>Demonstrates strong marine operational knowledge, leadership capability with effective people management skills.</p> <p>Minimum of 3 years' experience as Stability Section Leader or equivalent marine role, on operational moored semi-submersible drilling vessel.</p>
Job Summary	<p>The Stability Section Leader is responsible for overseeing all marine and deck operations offshore, acting as deputy to the Offshore Installation Manager (OIM).</p> <p>The role is central to maintaining a safe working environment, ensuring compliance with company procedures, industry regulations, and contractual requirements.</p> <p>Key responsibilities include supervising marine and stability operations, coordinating health, safety and environmental</p>

	<p>(HS&E) activities onboard, and promoting a strong safety culture. The position also involves ensuring all marine activities comply with regulatory standards, company policies, and operational procedures.</p> <p>The role requires responsibility for vessel stability management, including performing stability calculations, monitoring deck loads, managing bulk chemical transfers, and implementing adverse weather and storm contingency procedures.</p> <p>The Stability Section Leader also oversees the marine planned maintenance system and maintains effective communication between offshore teams, shore-based HSEEQ support, and vessel management.</p> <p>In addition, they oversee performance management processes, maintain effective communication and handovers, and manage crew welfare and operational performance to ensure safe and continuous operations.</p>
<p>Role Details</p>	<p>This position is based on one of our semi-submersible drilling rigs, the Borgland Dolphin.</p> <p>The contract in Spain is for 7 firm wells with an option to extend by a further 3 wells. This is followed by a direct continuation of work in the UK (currently under a Letter of Intent) that would see the Borgland Dolphin contracted through to October 2031.</p> <p>The offshore rotations for the Borgland Dolphin will be 28 day on/28 day off rotation, whilst in Spain and 21 day on/21 day off rotation in the UK.</p>
<p>How to Apply</p>	<p>If you have the required experience, training, and qualifications and are interested in this opportunity working both in Spain and UK waters, please submit your up-to-date CV and relevant certification to recruitment.marine@dolphindrilling.com clearly referencing the position applied for in the subject line of your email.</p> <p>The closing date for applications is 5th June 2026.</p>
